

INTRODUCTION TO PT & MEDICAL TERMINOLOGIES (POST LEC)

Lecture #1: History and Context of PT | OPHT 1-1 | PRELIMS

By Accel Jimenez

ANCIENT AND PRE-MODERN ORIGINS

★ 3000 BC

- Massage was used by the Chinese during this time to relieve pain and improve function.
- 4000 BC: Describe by hippocrallitus and modified by Romans

★ 1600's

- Development of electrotherapy with the introduction of electricity and electrical devices.

★ Early 1800's

- Accepted as a scientific procedure.

IMPACT OF WW1 AND POLIO

★ Widespread Paralysis in Children

- The reason for the development of physical therapy in the country.
- Direct humanitarian motivation that serves as the foundation of PT.
- Epidemic of Poliomyelitis or Infantile dysfunction: 1894, 1914, and 1916.

★ Reconstruction Aides

- A group of physicians was sent to England and France.
- The Division of Special Hospitals and Physical Reconstruction was created in 1917. Responsible for training Reconstruction Aides
- **Reconstruction Aides** (exclusively women) - provides physical reconstruction to war victims.

★ Vermont Plan

- It was developed to study the cause and effects of the disease.
- A major event in 1917 accelerated PT growth.
- Healthcare teams conducted field visits to provide care for children with polio.
 - Consisted of: orthopedic surgeons, public health nurses, physiotherapists (physicians' assistants, brace makers, and stenographers).

POST WW1 PERIOD

★ American Women's Physical Therapeutic Association (1921)

- First President: Mary McMillan
- First Physical Therapist in the US.
- AWPTA was later changed to APA (American Physiotherapy Association)
- 2 membership categories
 - Charter Members (Recon Aides)
 - Active Members - grads of recognized schools of physiotherapy, with some knowledge in electro/hydro therapy.
- Two men were admitted in 1923

★ Establishment of Profession

- APA developed a suggested curriculum and published it in 1928
 - 9 Month program (1200 total clock hours)

IMPACT OF WW2 AND POLIO

★ Emergency Training Course

- When WW2 happened, demand for PT rose, this resulted in 8 emergency 6-month courses, offered among the 15 approved full-length programs in PT.
- Discontinued in 1926 when war related demands dropped.

★ National Foundation of Infantile Paralysis (The Foundation) 1938

- Founded by **Franklin D. Roosevelt**
- Because of Polio, PT was still in need.
- For research, education, and patient services.
- **March of Dimes - Eddie Cantor** coined the term to promote fundraising.

★ Polio Vaccine Trials

- Founded by Jonas Salk (1952)
- Major Break through: Gamma globulin and Salk vaccine (1951)

★ Post WW2: APTA & Women's Specialist Medical Corps (1947)

- PTs, OTs, and dietitians.
- Emma Vogel: First chief of the Corps

INTRODUCTION TO PT & MEDICAL TERMINOLOGIES (POST LEC)

Lecture #1: History and Context of PT | OPHT 1-1 | PRELIMS

By Accel Jimenez

- Changed to: Army Medical Specialist Corps.

EDUCATION

- ★ **1960s**
 - Baccalaureate Degree
- ★ **1970**
 - Post Baccalaureate Degree
- ★ **1978**
 - CAPTE established to accredit PT schools
 - American Board of PT Specialists
- ★ Patients could see PTs without a MD's referral.

MODERN ERA

- ★ **1990**
 - Limited PT services = unemployment in some areas.
 - Because of the ACT mentioned, the services were controlled, therefore, unemployment was a problem
- ★ **Balanced Budget Act of 2007**
 - Costs were controlled by limitation of the type, number, and reimbursement amounts for services.
- ★ **Guide to Physical Therapist Practice (1995)**
 - Provided a comprehensive and detailed description of physical therapy services

TWENTY-FIRST CENTURY

- ★ Vision Statement for Physical Therapy 2020 (Adopted by APTA)
 1. Autonomous Practice
 2. Direct Access
 3. Practitioner of Choice
 4. Doctor of Physical Therapy
 5. Evidence-Based Practice
 6. Professionalism

HISTORY OF PT IN THE PHILIPPINES

1962	UP CAMP opened the first BS PT Program
1964	PPTA founded by UP Grads
1967	PPT joined the World Confederation for Physical Therapy
1969	<u>RA 5680</u> passed - PT & OT must pass a licensure exam.
1978	PPTA Accredited by PRC
1998	National PT Day Declared (Sept 08)
2019	<u>RA 11242</u> law passed - OT must pass a licensure exam
